

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

A propos de ce livre

Ceci est une copie numérique d'un ouvrage conservé depuis des générations dans les rayonnages d'une bibliothèque avant d'être numérisé avec précaution par Google dans le cadre d'un projet visant à permettre aux internautes de découvrir l'ensemble du patrimoine littéraire mondial en ligne.

Ce livre étant relativement ancien, il n'est plus protégé par la loi sur les droits d'auteur et appartient à présent au domaine public. L'expression "appartenir au domaine public" signifie que le livre en question n'a jamais été soumis aux droits d'auteur ou que ses droits légaux sont arrivés à expiration. Les conditions requises pour qu'un livre tombe dans le domaine public peuvent varier d'un pays à l'autre. Les livres libres de droit sont autant de liens avec le passé. Ils sont les témoins de la richesse de notre histoire, de notre patrimoine culturel et de la connaissance humaine et sont trop souvent difficilement accessibles au public.

Les notes de bas de page et autres annotations en marge du texte présentes dans le volume original sont reprises dans ce fichier, comme un souvenir du long chemin parcouru par l'ouvrage depuis la maison d'édition en passant par la bibliothèque pour finalement se retrouver entre vos mains.

Consignes d'utilisation

Google est fier de travailler en partenariat avec des bibliothèques à la numérisation des ouvrages appartenant au domaine public et de les rendre ainsi accessibles à tous. Ces livres sont en effet la propriété de tous et de toutes et nous sommes tout simplement les gardiens de ce patrimoine. Il s'agit toutefois d'un projet coûteux. Par conséquent et en vue de poursuivre la diffusion de ces ressources inépuisables, nous avons pris les dispositions nécessaires afin de prévenir les éventuels abus auxquels pourraient se livrer des sites marchands tiers, notamment en instaurant des contraintes techniques relatives aux requêtes automatisées.

Nous vous demandons également de:

- + *Ne pas utiliser les fichiers à des fins commerciales* Nous avons conçu le programme Google Recherche de Livres à l'usage des particuliers. Nous vous demandons donc d'utiliser uniquement ces fichiers à des fins personnelles. Ils ne sauraient en effet être employés dans un quelconque but commercial.
- + *Ne pas procéder à des requêtes automatisées* N'envoyez aucune requête automatisée quelle qu'elle soit au système Google. Si vous effectuez des recherches concernant les logiciels de traduction, la reconnaissance optique de caractères ou tout autre domaine nécessitant de disposer d'importantes quantités de texte, n'hésitez pas à nous contacter. Nous encourageons pour la réalisation de ce type de travaux l'utilisation des ouvrages et documents appartenant au domaine public et serions heureux de vous être utile.
- + *Ne pas supprimer l'attribution* Le filigrane Google contenu dans chaque fichier est indispensable pour informer les internautes de notre projet et leur permettre d'accéder à davantage de documents par l'intermédiaire du Programme Google Recherche de Livres. Ne le supprimez en aucun cas.
- + *Rester dans la légalité* Quelle que soit l'utilisation que vous comptez faire des fichiers, n'oubliez pas qu'il est de votre responsabilité de veiller à respecter la loi. Si un ouvrage appartient au domaine public américain, n'en déduisez pas pour autant qu'il en va de même dans les autres pays. La durée légale des droits d'auteur d'un livre varie d'un pays à l'autre. Nous ne sommes donc pas en mesure de répertorier les ouvrages dont l'utilisation est autorisée et ceux dont elle ne l'est pas. Ne croyez pas que le simple fait d'afficher un livre sur Google Recherche de Livres signifie que celui-ci peut être utilisé de quelque façon que ce soit dans le monde entier. La condamnation à laquelle vous vous exposeriez en cas de violation des droits d'auteur peut être sévère.

À propos du service Google Recherche de Livres

En favorisant la recherche et l'accès à un nombre croissant de livres disponibles dans de nombreuses langues, dont le français, Google souhaite contribuer à promouvoir la diversité culturelle grâce à Google Recherche de Livres. En effet, le Programme Google Recherche de Livres permet aux internautes de découvrir le patrimoine littéraire mondial, tout en aidant les auteurs et les éditeurs à élargir leur public. RULES OF BOTH HOUSES OF PARLIAMENT

RESPECTING THE

LIBRARY OF PARLIAMENT.

A proper Catalogue of the Books belonging to the Library shall be kept by the Librarians in whom the custody and responsibility thereof shall be vested; and who shall be required to report to the Houses through Mr. Speaker, at the opening of each Session, the actual state of the Library.

No person shall be entitled to resort to the Library during the Session of Parliament except the Governor General, the members of the Privy Council, and of the Senate and House of Commons, and the Officers of both Houses, and such other persons as may receive a written order of admission from the Speaker of either House. Members may personally introduce strangers to the Library during the daytime, but not after the hour of seven o'clock, P.M.

During a Session of Parliament no books belonging to the Library shall be taken out of the building, except by the authority of the Speaker or upon receipts given by a member of either House.

During the recess of Parliament, the Library and Reading Room shall be open every day in each week, Sundays and Holidays excepted, from the hour of ten in the morning until three in the afternoon; and access to the Library shall be permitted to persons introduced by a member of the Legislature, or admitted at the discretion of the Librarians; subject to such regulations as may be deemed necessary for the security and preservation of the collection; but no one shall be allowed to take any book out of the Library except members of the Legislature, and such other as may be authorized by the Speaker of either House.

During the recess of Parliament, no member of either House not residing at the seat of Government shall have liberty to borrow or have in his possession at any one time more than three works, from the Library, or to retain the same for a longer period than one month.

No other person who may be privileged by card, by the Speaker of either House, to borrow books, from the Library, shall be allowed to have in his possession more than two books at any one time, or to retain the same longer than three weeks, and all such persons shall return the books so taken when required by the Librarians.

No books of reference or books of special cost and value may be removed from the seat of Government under any circumstances.

At the first meeting of the Joint Library Committee at every Session of Parliament, the Librarians shall report a list of the books absent at the commencement of the Session, specifying the names of any persons who have retained the same in contravention of either of the foregoing Rules.

RÈGLEMENTS

CONCERNANT LA

BIBLIOTHÈQUE.

Un catalogue des livres de la Bibliothèque est tenu par les Bibliothécaires qui en ont la garde et la responsabilité; ils doivent faire rapport à la Chambre, par l'entremise de M. l'Orateur, à l'ouverture de chaque Session, de l'état dans lequel se trouve la Bibliothèque.

Aucune personne ne peut avoir accès à la Bibliothèque, pendant les Sessions du Parlement, si ce n'est le Gouverneur Général, les membres du Conseil Privé, ceux du Sénat et de la Chambre des Communes, les Officiers des deux Chambres, et toute autre personne qui obtient un billet d'admission de l'Orateur de l'une ou de l'autre Chambre. Les membres peuvent en personne introduire des étrangers dans la Bibliothèque pendant le jour, mais non après sept heures P.M.

Pendant les Sessions du Parlement aucun livre de la Bibliothèque ne peut être emporté de l'édifice, excepté sur l'autorisation de l'Orateur, ou lorsqu'un membre de l'une ou de l'autre Chambre en donne un reçu.

Pendant la vacance du Parlement la Bibliothèque et la Chambre de Lecture sont ouvertes tous les jours de chaque semaine, excepté les dimanches et jours de fête, depuis dix heures du matin jusqu'à trois heures de l'après-midi; et la Bibliothèque est ouverte aux personnes introduites par un membre de la Législature, ou admises à la discrétion des Bibliothécaires, sujettes aux règles qui sont jugées nécessaires pour la sûreté et la conservation des livres, mais il n'est permis à qui que ce soit, si ce n'est aux membres de la Législature et aux autres personnes ayant l'autorisation de l'Orateur de l'une ou de l'autre Chambre, d'emporter un livre hors de la Bibliothèque.

Durant les vacances du Parlement, aucun membre de l'une ou de l'autre Chambre ne résidant pas au siège du gouvernement, n'aura le droit d'emprunter ou de garder en sa possession plus de trois ouvrages à la fois; de plus, il ne devra pas les garder plus d'un mois en sa possession.

Aucune des personnes ayant le privilège—sur la foi d'une carte du président de l'une ou de l'autre Chambre,—d'emprunter des livres à la Bibliothèque, ne pourra avoir en sa possession plus de deux ouvrages à la fois ou les garder plus de trois semaines, et toutes ces personnes devront remettre les livres ainsi empruntés, lorsqu'elles en seront requises.

Aucun livre de référence ouvrage de luxe et de prix ne pourra être emporté du siège du gouvernement pour aucune considération.

A chaque Session du Parlement, les Bibliothécaires devront, à la première assemblée du comité mixte de la Bibliothèque, soumettre une liste de tous les livres qui n'ont pas encore été remis au commencement de la Session, en spécifiant les noms des personnes qui auront gardé ces livres contrairement aux règles qui précèdent.

In addition to the foregoing rules, the Joint Library Committee have agreed to the following New Rules, to which the attention of persons frequenting the Library, or making use of any books belonging thereto, is specially requested.

1. It is strictly forbidden to make any mark, by pencil or otherwise, in any books belonging to the Library, or to turn down leaves therein, or otherwise deface the same.
2. No person (other than a member of Parliament) is permitted to have access to any of the Galleries surrounding the Library, without the express permission of the Librarian or unless accompanied by an officer of the Library.
3. No visitor shall be permitted to remain in the Library with his hat on; nor will smoking, or spitting on the floor or carpet be permitted, in any of the Library apartments.
4. No audible conversation will be allowed in the reading room: nor shall any person be permitted to partake of refreshments therein; and no dogs shall be allowed in the Library.

Outre les règles qui précèdent, le Comité de la Bibliothèque a recommandé l'adoption des règles suivantes, dont les personnes qui fréquentent la Bibliothèque ou font usage des livres qui la composent sont priées de prendre connaissance :

1. Il est strictement défendu de faire aucune marque, au crayon ou autrement, dans un livre appartenant à la Bibliothèque, d'en plier les feuilles ou de le défigurer d'aucune autre manière.
2. Personne, à l'exception des membres du Parlement, ne pourra monter dans les galeries sans la permission expresse du bibliothécaire, ou sans être accompagné de quelque employé de la Bibliothèque.
3. Aucun visiteur ne pourra garder son chapeau sur sa tête; personne ne pourra fumer, ni cracher sur le parquet ou le tapis d'aucune des chambres de la Bibliothèque.
4. On ne pourra converser à haute voix dans la chambre de lecture; on ne devra pas non plus se permettre d'y manger. On ne laissera pas entrer de chiens dans la Bibliothèque.

REPORT
OF THE
JOINT LIBRARIANS OF PARLIAMENT

REPORT OF THE LIBRARIANS FOR 1895.

The shortness of the recess necessarily renders the catalogue of accessions small, and the questions the Librarians have to submit to the Committee few in number.

The Librarians recall with the greatest satisfaction, for the information of a new Parliament, the final decision of the Library Committee regarding "exchanges."

In 1890, the Committee decided that "the grant for the Library is not large enough to justify the purchase of books for the purpose of encouraging native literature, and that the purchase of exchanges should be confined to books of a character similar to that of the exchanges received from other countries."

The above very proper regulation having been departed from in practice, the Committee, in 1895, resolved that "when the Joint Committee is disposed to encourage the circulation of any valuable native work, it shall recommend such work to the notice of the Government, in order that a sum might be placed in the Estimates for the purchase of a certain number of copies."

In 1896, the Committee recommended, as a final decision on the subject, that "a sum be placed in the Estimates to be at their disposal for the purpose of encouraging, by purchase for Library exchanges, such works of Canadian writers as might be deemed worthy of such recognition."

The Librarians desire to express their cordial agreement in the opinion of the Committee. The practice of providing "exchanges" out of funds voted for the purchase of books for the Library of Parliament was injurious to the interests of the Library; and the Librarians hope that it may not be resumed, even should the sum asked for from the Government be not granted. The amount voted annually for the Library is sufficient for its purpose, if the money is strictly devoted to its proper and usual object; but it is not sufficient to support an annual demand for the purchase of "Library exchanges," an expression which has been rather freely interpreted.

Among the additions to the "American Section" must be mentioned a valuable collection of the portraits of a number of the governors, intendants and noted men under the French Regime. The collection, which comprises over 100 portraits, was bought in Paris, and will be made into albums for reference.

"The Military Operations in Canada under Sir John Colborne, illustrated by Lord Beauclerk," a volume of great rarity, has been added to the Canadian section, and some valuable and expensive works relating to the discovery of America have also been provided.

During the recess, the Librarians were enabled to procure for the first time the Journals of the province of Nova Scotia for the years from 1802 to 1840, and it is expected that volumes of the records of other provinces, hitherto wanting, will be collected during the current year.

Among the additions during the recess is the first volume of a work prepared at Washington, containing the inaugural and annual messages of the Presidents of the United States, with biographical and historical notes. The work, when complete, will be found useful for reference.

The usual annual works of reference were either received during the last session, or have since been added, special attention being given to commercial, financial and statistical compilations.

The list of donations for the year contains a useful collection of the commercial laws of Japan and of the constitution and civil procedure of that country, in the English language, for which the Library is indebted to Mr. Nossé, His Japanese Majesty's Consul in British Columbia.

The catalogue of accessions is complete, and will be immediately distributed.

All of which is respectfully submitted.

LIBRARY OF PARLIAMENT, 19th August, 1896.

RAPPORT DES BIBLIOTHÉCAIRES POUR 1895.

La courte durée des vacances fait que le catalogue des livres ajoutés à la bibliothèque depuis la dernière session est relativement peu considérable ; les observations des bibliothécaires au comité seront aussi restreintes.

C'est avec satisfaction que les bibliothécaires attirent l'attention du nouveau parlement sur la décision finale du comité de la bibliothèque concernant les échanges.

Le comité décida, en 1890, "que le crédit voté pour la bibliothèque ne peut pas permettre l'achat d'ouvrages dans le but d'encourager la littérature nationale et que les livres achetés pour les échanges devaient être de même genre que ceux que la bibliothèque recevait des autres pays."

Cette décision très sage n'ayant pas été mise en pratique, le comité, en 1895, passa la résolution suivante : "Lorsque le comité sera disposé à encourager la circulation d'un ouvrage canadien de mérite, il attirera l'attention du gouvernement sur cet ouvrage afin qu'un crédit spécial soit adopté pour l'achat d'un certain nombre d'exemplaires."

En 1896, comme décision finale, le comité recommanda "qu'une somme d'argent soit placée à son crédit, pour lui permettre d'encourager, en les achetant pour les échanges, les ouvrages d'auteurs canadiens, jugés dignes de cet honneur."

Les bibliothécaires désirent exprimer leur entière approbation de la manière d'agir du comité. La coutume d'acheter des ouvrages pour les échanges, à même les fonds destinés à augmenter la bibliothèque du parlement, était contraire aux intérêts de la bibliothèque, et les bibliothécaires espèrent qu'on n'y reviendra plus, même si la somme demandée pour les échanges n'était pas accordée.

L'allocation votée, chaque année, pour la bibliothèque, est suffisante pour le but que l'on se propose, si elle n'est dépensée que pour la fin qui lui est propre, mais elle ne suffit pas à couvrir la dépense qui se fait tous les ans pour les "échanges de la bibliothèque," expression qui a été interprétée avec assez de libéralité.

Au nombre des nouvelles acquisitions pour la "section américaine," il faut mentionner une importante collection de portraits des gouverneurs, intendants et personnalités célèbres de l'Ancien Régime. Cette collection, qui comprend au-delà de 100 portraits, a été achetée à Paris et sera mise en album pour en faciliter l'examen.

Le département canadien s'est enrichi d'un volume d'une grande rareté : *Les opérations militaires en Canada sous sir John Colborne*, illustré par lord Beauclerk, ainsi que de plusieurs ouvrages importants et dispendieux se rapportant à la découverte de l'Amérique.

Pendant les vacances, les bibliothécaires ont réussi à se procurer, pour la première fois, les journaux de la province de la Nouvelle-Ecosse, pour la période de 1802 à 1840 ; ils espèrent pouvoir obtenir, pendant le cours de cette année, les documents officiels des autres provinces qui manquent encore à la bibliothèque.

Ils désirent aussi attirer l'attention sur un ouvrage publié à Washington, contenant les discours d'inauguration et les messages annuels des présidents des Etats-Unis, accompagnés de notes historiques et biographiques. Cet ouvrage, dont le premier volume est sur les rayons de la bibliothèque, sera d'une grande utilité lorsqu'il sera complété.

La bibliothèque a reçu, soit pendant la dernière session, soit depuis, les principaux ouvrages de référence qui se publient annuellement, surtout ceux qui traitent du commerce, des finances et des statistiques.

La liste des dons reçus pendant l'année contient une collection des lois commerciales du Japon, de la constitution et de la procédure civile de ce pays ; cet ouvrage, en anglais, a été obtenu par l'entremise de M. Nossé, consul de Sa Majesté l'Empereur du Japon à la Colombie Anglaise.

Le catalogue des livres ajoutés à la bibliothèque depuis la dernière session est maintenant prêt pour distribution.

Le tout respectueusement soumis.
